

WATTAGE INCREASE FORM

By completing this form, you are authorizing us to contact your utility provider to request increased electrical wattage for your residence. There is a fee associated with this request and your provider will apply the charges once they have processed our request. Estimate it will cost €75 per kW increase (one-time fee), plus €2 euro per month for each kW above 3.0 kW. Signing this form **DOES NOT** guarantee your residence can handle the increase in wattage. Please consult your landlord prior to submitting this request to increase your wattage.
